THE TALE TO-DAY.

The State Gone Glimmering, but the Legislature is Close.

By Telegraph to THE SENTINEL.

CINCINNATI, Ohio, Oct. 14.—At 10 this morning returns from Hamilton county, and even from Cincinnati, are not all in. This fact is cited by both parties as evidence of fraud, and both the *Commercial-Gazette* and the *Enquirer* openly charge the opposite party with fraudulent practices.

The *Enquirer* claims that the democrats have carried Hamilton county by over 1,000 majority, electing all the candidates for the legislature and county offices. It claims the legislature will be democratic in both branches by a majority large enough to remove all danger and dispute. Unofficial footings from 175 of the 208 precincts in Hamilton county give Foraker 31,006; Hoadly, 28,976; Leonard, 861.

CINCINNATI, Oct. 14.—The *Times-Star* has returns from all the city precincts except four, which put a different phase upon Hamilton county. The totals are: Foraker, 32,487; Hoadley, 30,584; Leonard, 886. If this is accurate and it has confirmation from at least one other source, it would show that the republicans have carried their entire legislative ticket with a possible exception of Robert Harlan who runs behind.

The estimates made here on the legislature, excluding Hamilton county, give the republicans 17 senators and 60 representatives. The legislature is composed of 37 senators and 110 representatives, of which 94 would be a majority on joint ballot. This would make the legislature republican without Hamilton county. Chairman Bushnell, of the republican state committee, estimates that the senate will have 17 republicans, with four close districts to hear from, and the house will have 58 republicans, with six close counties to be heard from. This excludes Hamilton county.

AT TOLEDO.

TOLEDO, O., Oct. 14.—According to the returns of the thirty-seven of the forty-three precincts in Lucas county including Toledo entire, and the remaining six, estimated at the rate two years ago, republicans elect one representative and democrats the other. The senatorial ticket has about the same majority. The republicans will probably elect the county officers, except sheriff and commissioner, which the democrats carry by about 200.

FURTHER FIGURES.

CINCINNATI, Oct. 14.—The democratic state committee claims the election of 51 members of the house of representatives certain, 12 doubtful and 21 sure in the senate. The figures given for Hamilton county in a previous dispatch have been further verified and it is confidently claimed now by the republicans that they have elected the entire legislative ticket in Hamilton county, except, possibly, Robert Harlan for representative, and the democrats have elected Clark prosecuting attorney and a member o the board of control. Complete returns for the county have not yet been made. It is charged that in one precinct there were 200 more votes than the registered voters.

NEARLY FINAL.

CINCINNATI, Oct. 14.—In the following named counties, according to the returns now arrived, the republicans have elected representatives: Adams, Ashtabula, Athens, Carroll, Champaign, Clark, Clinton, Columbia (2), Cuyahoga (6), Delaware, Fayette, Franklin (2), Fulton, Gallia, Geauga, Lake (1), Greene, Guernsey, Hancock, Hardin, Harison, Highland, Huron, Jackson, Jefferson, Knox, Lawrence, Logan, Lorain, Lucas, Madison, Mahoning, Medina, Meigs, Miami, Morgan, Muskingum (1) Noble, Portage, Ross, Scioto, Stark, Summit, Trumbull (2) Union, Van Wert, Warren, Washington and Woods—Total, 58.

The democrats elect representatives in the following counties: Allen, Ashland, Auglaize, Brown, Butler, Clermont, Coshocton, Crawford, Darke, Defiance, Paulding, Erie, Fairfield, Franklin, Henry, Hocking, Holmes, Licking, Lucas, Marion, Mercer, Monroe, Montgomery (3), Ottawa, Perry, Pickaway, Pike, Putnam, Sandusky, Senrea, Shelby, Stork, Tuscarawas, Williams, Wyandotte.—Total, 36.

The doubtful or not heard from: Belmont two, Hamilton ten, Morrow, Richland, Vinton, Wayne.—Total sixteen.

The following senatorial districts have been carried by the democrats: Second, fourth, eighth, tenth, twelfth, fifteenth, sixteenth (2), seventeenth, twenty-eighth (1), eighteenth, nineteenth, twenty-first, thirtieth, thirty-first, thirty-second (2), thirty-third (2). Total 16. The republicans have carried the third, fifth, sixth, seventh, eighth, eleventh, thirteenth, fourteenth, twentieth, twenty-first, twenty-second, twenty-third, twenty-fourth (2), twenty-fifth (2) twenty-seventh and twenty-ninth.—Total 17.

Doubtful—Hamilton county with four votes.

CONFLICTING CLAIMS.

COLUMBUS, Ohio, Oct. 24.—The democratic state executive committee claims the legislature on joint ballot by a majority of three. They say they have positive information of the election of fifty-six members of the house and twenty-one in the senate, with six doubtful. The republican committee claims fifty-nine members of the house and seventeen members of the senate, outside of Hamilton county, with five close counties and four close districts to hear from.

STILL THEY COME.

CINCINNATI, Oct. 14.—News from Belmont county, which was in doubt, says that both republican representatives are elected. This makes the republican total in the house sixty-one.

Last Night's Report.

COLUMBUS, Oct. 14, 1:40 a. m.—The the Republicans are jubilant with bands and bonfires to-night over the election news. The Democrats are correspondingly quiet and are receiving the result with good grace. Chairman Powell, of the Democratic committee, concedes the election of the Republican state ticket by from 15,000 to 20,000, and thinks they have carried both branches of the legislature. Governor Hoadly thinks the Democrats may have saved the senate. The Republican executive committee claim the election of Foraker by from 15,000 to 18,000 plurality, though the complete returns may make it more. They have information from all the doubtful counties and have elected their represeutatives. They claim a majority on joint ballot outside of Hamilton county, Allen O. Meyers is thought to be defeated for lhe legislature in Franklin county by a small margin.

CINCINNATI, O, Oct. 13.—The election to-day was for state and county officers, for thirty-seven senators and one hundred and ten representatives of the general assembly, and upon four amendments to the constitution of the state, three of which relate to changing the state elections from October to November and one to changing the term of office for township trustees. Governor Hoadly is the democratic candidate for re-election, J. B. Foraker the republican candidate and Rev. A. B. Leonard the prohibition candidate for governor. There are 2,017 voting precincti in the state. Comparison will be made with the vote for governor in 1883, when Governor Hoadly was elected by a plurality of 12,529 over J. B. Foraker.

The afternoon in Cincinnati was free from rain. So far as can be told the full registered vote was polled. There were some arrests for fraudulent attempts to vote and some for minor disorderly conduct, but in general all was peaceable. First returns received by associated press indicated gains for Foraker. When twenty precincts had been heard from he had a net gain of 359. The prohibition vote gives indications of considerable gains.

CINCINNATI, 8:50 p. m.—Returns from sixty wards and precincts show Foraker 8,684, Hoadley, 7,039, Leonard, 697; net Republican gain 948. The vote for Leonard is irregular; large gains in some precincts, with no vote at all in others and a few losses.

9:20 p. m.: seventy-eight wards and precincts give Foreaker a total vote of 10,804, Hoadly 7,923, Leonard 856; a net Republican gain of 919,

Ninety-six wards and precints give Foreaker 14,572; Hoadly 10,835; Leonard 1,134; net Republican gain of 1,414. Full returns from one ward in Cincinnati, the ninth, show exactly the same majority as was given in 1883.

One hundred and fourteen wards and precincts gave Foraker 17,627 votes; Hoadley, 13,778; Leonard, 1, 291; net Republican gain, 1,671.

It is impossible yet to compare the sources of the gain of the Prohibition candidate but a cursory examination of the returns so far received, indicate Democratic losses where there are Prohibition gains. In other wards, so far as can be now seen, the Prohibition vote is drawn from both parties.

One hundred and thirty-one precincts give Foraker 20,375; Hoadly, 15,979; Leonard, 2,131; a net Republican gain of 2.131.

Returns from 165 precincts give Foraker, 25,093; Hoadley 21.005; Leonard 1,877; net Republican gain, 2,499.

Up to this time but little has been heard from the legislature. A Republican senator has been elected in the Twenty-second district; two Republican representatives in Columbus county ond one in Meigs county. One Democratic representative in Tuscarawas county and one in Coshocton county.

TOLEDO, Oct. 13.—The vote to-day averages 10 to 13 per cent. less than that of last year. The Prohibition vote was small in the city and showed scarcely any increase. Returns are coming in very slowly on account of the large number of scratched tickets, but the indications are that the Republicans have elected most of their county ticket by somewhat decreased pluralties from last year. The exceptions are Wade and Puck, the former for sheriff and the latter for representative. Baumbach, Republican for represenrative, is believed to be elected by a small plurality.

CINCINNATI, October 13.—One hundred and eighty-one wards and precincts give Foraker, 27,483; Hoadly, 24,006; Leonard, 2,227. Net Republican gain, 2,731.

Two hundred and forty-three wards and precincts give Foraker, 36,803; Hoadly, 33,243; Leonard, 2,714. Net Republican gain 3,806.

Two hundred and eighty-six wards and precincts give Foraker, 43,456; Hoadly, 39,127; Leonard, 3,147. Net Republican gain, 4,418.

Reports from 330 precincts in the state show net Republican gain of 4,826.

Eighty-five precincts from Hamilton county show a Republican majority of 1,658. Republican gain in Erie county, three fourths of which has been heard from, is 600. In Champaign county, one half heard from, the Republican gain is 125. In Auglaize county, eight precincts, Republican gain of 300. Clark county, seven precincts, Republican gain of 240. Two precincts of Lucas county show a Republican gain of 209.

CLEVELAND, October, 13.—The indications are that Foraker has carried Cleveland and Cuyahoga county, by about 2.000 and that the republican county ticket is elected by a safe majority. In all of tne western reserve substantial Republican gains are shown, and in only one town (Oberlin) has the prohibition vote caused a Republican loss. The full vote was polled here, the election being without incident.

The Leader of this morning will say: "The whole Republican ticket is elected by from 15,000 to 18,000 plurality. The legislature will be Republican on joint ballot with a good working majority in both houses. The vote is heavy and the Republicans on the Western Reserve came out in full force, everyone feeling it to be a duty to do all in his power to bring the country back to Republican rule. This result will secure the election of a Republican United States senator and the early enactment of a law regulating the liquor traffic. Another very probable result of the election will be the elimination of the third party (Prohibition) from Ohio politics."

CLEVELAND, October 13.—Major W. W. Armstrong of the Plaindealer (Dem.) said: "I think the Republicans have from 15,000 to 20.000 plurality. The legislature is in doubt with the chances favoring Republican majority on joint ballot."

Five hundred and forty wards and precincts, in the state, give a net Republican gain of 7,777. If the same ratio obtains in the remaing precincts, Foraker's majority will be about 18,000. Private dispatches from Columbus say secretary Bushnell, of ihe Republican committee makes this estimate and that the Democratic committee concedes Hoadly's defeat.

The Republicans elect two senators in the Cuyahoga district and two representatives in Franklin county; one in Union and one in Hardin counties. The Democrats elect one in Franklin county. Returns from 754 voting precincts in the state, give Foraker, 143,727: Hoadly, 128,635; Leonard, 9,611; net Republican gain, 12,652. This includes more than one-third of the state. A private dispatch from Lucas county says the legislature there is in doubt, with the chances favoring the Republicans. An analysis of the vote shows that the prohibition candidate has gained Democrat votes.

CINCINNATI, October 14.— The weather last night and during the early hours this morning, was anything but an insentive to enthusiasm. The air was damp and chilly, and a cold rain fell all day. After midnight when the election of Foraker was made certain there was some cheering in squads, but no concerted demonstration occurred.

CINCINNATI, Oct. 14.—The saloons on Vine street did not close at midnight, under the law passed by last legislature, but were doing a big business with open doors.

Judge Foraker spent the night in an office near the telegraph building, where with a few friends he read the returns. He was gratified with the first indications, but was not quick to claim an advantage. When the news became conclusive he wore an expression of relief. He received many telegrams of congratulation, and after his net gain had reached a figure sufficient to overcome the majority against him, in 1883, he went to his home on Walnut Hills.

CINCINNITI, Oct, 13.—The Republicans claim to have elected representatives in the following addititional counties. Delaware, Cuyahoga, Futlon, Greene (Rev. B. W. Arnet, colored) Lawrence, Morgan, Morrow and Vanwert, The following are reported in Cincinnati: Second ward three precincts Democratic gain 188; third ward one preinct, Republican gain 126; 6th ward, complete, Democratic gain of 575; 10th ward, 1 precinct, Republican gain of 54; 16th ward, 1 precinct, Democratic gain of 82; 17th ward, 1 precinct, Democratic gain of 1; 20th ward, 1 precinct, Republican gain of 18; 21st ward, 1 precinct, Republican gain of 36; 22d ward, 1 precinct, Democratic gain of 31; 23rd ward, I precinct, Democratic gain of 12.

Six hundred and forty-five precincts throughout the state give net Republican gain of 10.475.

Seven hundred and seven wards and precincts: Foraker, 132,341; Hoadly, 116,818; Leonard, 9,158; net Republican gain of 11,689.

CINCINNATI, October 13.—The Republican State Central Committee claims to have elected representatives in Madisou, Adams, Delaware, Morrow, Morgan, Washington and Ross counties, and senators in the fourteenth, twenty-first, twenty-seventh and twenty-ninth districts.

LUCAS COUNTY.

TOLEDO, October 13.—Returns received up to midnight, embracing only about half the precints in Lucas county, show Republican gains in nearly all those heard from. Wade, Democrat, for sheriff, probably has a majority of 500. Representatives in doubt with chances favoring the Republican candidates. Remainder of Republican county ticket probably elected by small majorities. They claim the county for Foraker by 400.

THE NEWS AT WASHINGTON.

Less interest is openly manifested in the result of the Ohio election, than has been the case in any event of like political importance within the memory of the present generation. Generally on such occasions there have been considerable crowds around the bulletin boards. To-night there are no crowds and, with one exception, no bulletin boards. Few people in the departments have manifested interest enough to ask for news during the day and it would be difficult to name a dozen federal officers from Ohfo, who have gone home to vote.

Father, Mother, and Three Sisters Dead.

Mr. David Claypool, formerly Sergeant-at-Arms of the New Jersey Senate, and now Notary Public at Cedarville, Cumberland Co., N. J., makes the following startling statement: "My father, mother, and three sisters all died with consumption, and my lungs were so weak I raised blood. Nobody thought I could live. My work (shipsmithing) was very straining on me with my weak constitution, and I was rapidly going to the grave. While in this condition I commenced using Mishler's Herb Bitters, and it saved my life. Because it was so difficult to get it in this little place, and I had improved so much, I stopped taking it for a time, and the result is that I have commenced going rapidly down hill again. Somehow, Mishler's Herb Bitters gives appetite and strengthens and builds me up as nothing else does, and I must have a dozen bottles at once. Use this communication as you please, and if any one wants to be convinced of its truth, let them write me and I will make affidavit to it, for I owe my life to Mishler's Herb Bitters."

The secret of the almost invariable relief and cure of consumption, dysentery, diarrhœa, dyspepsia, indigestion, kidney and liver complaints, when Mishler's Herb Bitters is used, is that it contains simple, harmless, and yet powerful ingredients, that act on the blood, kidneys, and liver, and through them strengthens and invigorates the whole system. Purely vegetable in its composition; prepared by a regular physician; a standard medicinal preparation; endorsed by physicians and druggists. These are four strong points in favor of Mishler's Herb Bitters. Mishler's Herb Bitters is sold by all druggists. Price $1.00 per large bottle. 6 bottles for $5.00.

Ask your druggist for MISHLER'S HERB BITTERS. If he does not keep it, do not take anything else, but send a postal card to MISHLER HERB BITTERS CO., 325 Commerce Street, Philadelphia.

REPORT OF COMMITTEE ON SEWERS.

We, your committee on sewers, make the following report:

1. In the matter of the report of the city attorney referred to us to find out if the amount of John Bertels was correct, your committee have examined the assessments for said alley sewer and find that the amount that said Bertels claims to be due him is correct.

2. Adverse to the ordinance for constructing a sewer in the alley between Wayne street and Erie street, from Coombs street to Harper street. Also adverse to the ordinance for constructing a sewer in the alley between Wallace street and Virginia street, from Clay street to Monroe street, as your committee is of the opinion that it is too late in the season to do said work.

REPORT OF COMMITTEE ON STREETS AND ALLEYS.

1. In favor of the petition of August Felz and others to vacate alley running north and south from Buchanan to Lasselle street, and recommend that the clerk be instructed to call out the city commissioners, providing the necessary expense is paid in the treasury.

2. In reference to the final estimate in favor of John McMahon for grading and paving the sidewalk on East Washington street, we recommend that said estimate be referred back to the engineer, and that he also be instructed to notify the contractor to fulfill his contract according to the plans and specifications, as we, in our opinion, believe that said work does not give satisfaction and does not come up to the contract.

3. We also recommend the resolution of Councilman Tresselt for sidewalk on East Lewis street be laid over for this season.

REPORT OF SPECIAL COMMITTEE ON STREET LIGHTS.

Your special committee, to whom was referred sections 3, 5, 6 and 7 of the report of the committee on street lights, respectfully report:

1. As to section 3 of said report, recommending the placing of an electric light at the corner of Harrison and Dawson streets, we report adverse to said light.

2. Your committee concurs in sections 5, 6 and 7 of said report, but would recommend the removal of the electric light now located on Wayne street at the intersection of Schick street, to the corner of Wayne and Comparet street. We further recommend that a tower be erected at the corner of Maumee road and Schick street, inside of the college grounds. The light now at that corner, together with the one at the corner of Washington street will, in the opinion of of your committee, sufficiently light the Eighth Ward.

3. We report adverse to the resolution of Councilman Kensill for an electric light at the corner of Clay and Hough streets.

HENRY C. BERGHOFF,
City Treasurer.

Referred to the committee on finance.

REPORT OF CITY ATTORNEY.

I respectfully submit the following report in the matter of

1. The special committee to investigate the the condition of the sewer between Clay and Lafayette streets, from Wallace to Virginia street, I report the city ought not to repay the amount of Mr Waltemath's assessment, but if the sewer was not built according to contract, Mr. Waltemath was not bound to pay for it. If the city refunds from the treasury all amounts the property holders might claim in similar cases, the treasury would be empty. This is a case between the contractor and the property holder. If the contractor has shirked his duty, that fact should be considered in dealing with the contractor in the future.

2. In the matter of the contract of Boltz & Company to furnish the city with coal, I would recommend that their proposition be accepted and said proposal taken and approved as the contract, as the same is in all things complete.

3. I herewith report a proper ordinance to protect property holders on payment of estimates granted by city council in accordance with the late act of the general assembly.

HENRY COLERICK, City Att'y.

REPORT OF STREET COMMISSIONER.

I would respectfully report in the matter of a resolution of Councilman Doehrman to give ten days notice to the property owners on the north side of Lewis street, between Division and McCulloch streets, to repair their sidewalks within ten days, they have all complied with said notice, except the owners of lots 1, 2, 3, 5 and 13, in Chute's Homestead addition.

2. The chute at the end of the Hanna and Clay street sewer is in bad condition and should be repaired as soon as possible.

3. The old barn in the alley back of Brandriff's property, between Columbia and Main and Clinton and Barr streets is in a dangerous condition. I would respectfully recommend that the matter be referred to the committee on public improvements.

DENNIS O'BRIEN,
Street Commissioner.

Owns of the largest fruit farms in the world is situated in the southern part of Florida, and is owned by E. A. Osborn, of Middletown, N. Y. It comprises 2,500 acres, and is covered with over 200,000 cocoanut trees. So far the undertaking has cost over $100,000. As the cocoanut only thrives south of the frost line and near the coast, the owner of this farm has a practical monopoly of that trade in Florida.

The Wealth of Vanderbilt.

Mr. Vanderbilt is said to be worth three times his weight in gold. Gold is a very precious metal, but iron is more so. Gold cannot enrich the blood, but iron can. Gold cannot enter into the human circulation, but iron is the thing which gives our blood-corpuscles their rich color. A man without iron in his blood would be no man at all. The preparation of iron, which is the principle ingredient in Brown's Iron Bitters, is the only one which can be taken without injury. Its strengthening work is perfect.

Frightful Case

Of a Colored Man!

I contracted a fearful case of blood poison in 1883. I was treated by some of the best physicians in Atlanta. They used the old rededics of mercury and potash, which brought on rheumatism and impaired my digestive organs. Every joint in me was swollen and full of pain. I was in a horrible condition; when I had been given up to die, my physicians, who had seen the workings of the medicine in other cases, thought it would be a splendid time to test the virtues of Swift's Specific. When I commenced taking S. S. S. the physician said I could not live two weeks under the ordinary treatment. He commenced to give me th medicine strictly according to directions, which I took for several months. I took nothing else, and commenced to improve from the first. Occasionally I would have a backset from imprudence. Soon rheumatism left me, my appetitte became all right, and the ulcers, which the doctor said were the most frightful he had ever seen, began to heal, and by the first of October, 1884, I was a well man again. I am stronger now than I ever was before, and weigh more. I have not failed to report for duty since that time, being engaged in the oil warehouse of Chess-Carley Company. I have been, and still am, doing some of the hardest work any man ever did, and am ready to answer any question that may be asked concerning this cure. Swift's Specific has saved me from an early grave. LEM MCCLENDON.

Atlanta, Ga., April 18, 1885.

Lem McClendon has been in the employ of the Chess-Carley Company for some years, and I know the above statements to be true. At the time he began taking Swift's Specific he was in a horrible condition, and at my solicitation his treatment with S. S. S. was undertaken by a physician after several others had declared his case to be hopelessly incurable. He took nothing but S. S. S., and has been as sound as a new dollar for several months. I regard his cure almost miraculous.

CAUTION!

Consumers should not confuse our Specific with the numerous imitations, substitutes, potash and mercury mixtures, which are gotten up to sell, not on their merit, but on the merit of our remedy. An imitation is always a fraud and a cheat, and they thrive only as they can steal from the article imitated.

STONE MONEY.

The entire breadth of the Pacific Ocean is a hundred and fifty degrees of longitude; and two-thirds of its space, to the south-east of Asia and to the east of Australia, is dotted with hundreds of islands, of which there are more than seventy distinct groups. If the geographical region of islands be taken to

embrace the Malay Archipelago, beginning from the west at Sumatra, and ending at the Marquesas, or at Pitcairn Island, it embraces more than one-third of the main circumference of the globe within the south tropical zone. Different portions of this vast region, in the Pacific, have received the geographical names of Micronesia, Melanesia, and Polynesia, while Australia, Papua or New Guinea, and the islands of New Zealand, are of too great size and importance to be confounded with the world of smaller islands. The Fiji Islands, situated directly north of New Zealand, just within the 180th degree of latitude, mark the dividing line between the western and eastern series of archipelagos; the former being those of Melanesia and Micronesia, including the Pellew Islands, the Caroline Islands, the Ladrone Islands, the Marshall and Gilbert Islands north of the Equator; and south of the Equator, New Britain and New Ireland, the Admiralty Islands, the Solomon Islands, the Santa Cruz, Banks's, New Hebrides, and Loyalty Islands, with New Caledonia. The name

CHIEFS OF WEST CAROLINE ISLANDS WITH PERFORATED STONES FOR MONEY.

Melanesia has been given to these last-mentioned island groups, collectively, on account of the black color of the native people, who are also woolly-haired, and belong to an entirely different race from the Polynesians of the Samoa and Tonga Islands, and all those farther to the east, and from the Maories of New Zealand. But this remark does not apply to all the islanders of Micronesia, north of the Equator, where the inhabitants of the Pellew, Caroline, Marshall and Gilbert Islands show a considerable admixture either of Malay, or of some race akin to the Maori, and to the Hawaiians of the Sandwich Islands, with the Negroid type of Melanesian humanity. The same is observed on the eastern coast of New Guinea.

The westernmost group is the Pellew Islands distant only six hundred miles from the Philippines. A century ago

the amiable disposition of the native race was much lauded in England, as exemplified in the person of Prince Le Boo, son of King Abba Thulle, when that youth, who died there, was brought by Captain Wilson, of the Antelope, who visited the Pellew Islands in 1783. One of our illustrations shows the front of a wooden house, with its decorative carvings, which are very elaborate, like those of the Maori chiefs in New Zealand, consisting of beasts, birds, fishes and a great variety of reptiles and insects. These carvings are well wrought and show a great degree of skill when the savage, untutored character of the inhabitants is taken into consideration. The houses of the chiefs only are decorated in this manner. They are one story in heighth with thatched roofs and form very comfortable habitations. The common people live in bamboo houses or tents with thatched roofs and doorways extending from the ground to the peak. The houses are arranged in groups or villages and are fortified by placing the houses close together and by interlacing the native trees with bamboo sticks, thus preventing the enemy from gaining a ready access to their streets. The Pellew islanders have a strict and complicated social code, and a privileged aristocracy who must not be addressed in the language of the common people, but in a special language used at the Court. The Caroline Islands, which are scattered over a space of more than two thousand miles, are mostly formed by circular reefs of coral, surrounding lagoons, probably craters at the summit of submarine volcanoes, which are called "atolls;" but some of the islands, such as Yap, are large and rocky. They produce the bread-fruit tree, sweet potato, cocoa-nut, plantain, sugar-cane, and several other articles of food, besides the useful bamboo. The people, who are mostly of the brown Polynesian race, tattoo themselves, and wear ornaments of shell or flowers stuck in the holes they pierce in their noses and ears; they are much addicted to chewing betel. The chiefs of the West Caroline Islands are medium sized, well proportioned and fairly intelligent but not in so advanced a state of civilization as the chiefs of the Pellew Islands. They live in villages somewhat similar to the Pellews and the constant forags between them and other

tribes make them wary and suspicious of strangers. One extraordinary thing among them is the use of large round slabs of stone, with a hole made in the centre, as a substitute for money; this cumbrous currency, which is shown in two of our illustrations, might perhaps be trundled or rolled from buyer to seller, but could not be carried in the purse, and nobody would fear to have his pocket picked by stealth. The aggregated population of the Caroline Islands does not exceed thirty thousand, and there are about ten thousand in the Marshall Islands, speaking a different language. Nearly all the inhabitants of the Solomon Islands smoke tobacco from common clay pipes obtained from Europeans, and when not smoking, the pipe is stuck in a thong bound around one arm near the shoulder. The Gilbert or Kingsmill Islands are much more thickly peopled, and rely on fishing mainly for their support. The most valuable article of vegatable food here is the fruit of the pandang; there are no

native quadrupeds on these islands except the goats, pigs, dogs, and cats that have been introduced by European visitors. We present also a view of the coast of Blanche Bay, in the larger island of New Britain, which has, with New Ireland, recently been annexed to the German Empire. These two islands, close to the northeastern shore of New Guinea, are of limestone rock formation, and almost mountainous, the hills rising to nearly 3000 feet. They are densely wooded, and the animals, birds, and insects are similar to those of New Guinea. The people seem to be a mixture of Papuans and of the brown race from the islands of Polynesia; they have a great diversity of languages, and are divided into castes which refuse to inter-marry with each other. One singular custom they have is that of confining young girls of the higher class in a sort

of cage or closed basket, made of palm leaves, during several years before they are given in marriage.

AMUSEMENTS.

Thomas, the Great Leader, Coming Here.

On the 22d of this month Theodore Thomas' famous orchestra appears at the Princess. A powerful factor in the exercises of Mr. Thomas is the essential tyranny of his nature. He is a born autocrat. He brooks no interference with his plans—no opposition to his methods. He chooses his course believes it is right and carries it through. He dominates, by intellectual and not brute force. But he is sarcastic to a degree, and frequently withers a member of his force by a stroke of his tongue, which is far more potent than would be the cut of his whip.

But it must be said that while Mr. Thomas is exacting to the point of harshness as respects the discipline of his men, he is as careful of their comfort as a mother is of her babes. No manager can secure his orchestra who does not provide for them at the first hotels. I recall a striking instance of his goodness toward his men. It was on the occasion of his detention in a snow-drift from 8 a. m. to 6 p. m. No provisions could be had to appease the hunger of the sixty musicians. It was then that Mr. Thomas came to the front. He and Manager Locke occupied the two state rooms of a Worcester excursion car, the larder of which contained four broiled chickens provided for Mr. Thomas himself, some some plain bread and plenty of coffee. One of the chickens had been appropriated before the detention had been anticipated. The other three Mr. Thomas manipulated with his hands—dividing them into sixty pieces, every man receiving his morsel, with coffee and a slice of bread to piece it out. The leader shared and fared like and like with his men. It is such constant providence as this, united with a thorough knowledge of and enthusiastic admiration for his remarkable talents that knits the men to their leader with hooks of steel, and causes them to serve him because they regard and esteem him as well as fear him.

My little girl was cured of rheumatism after having suffered about three months by the use of Athlophoros. I have faith in the remedy and am glad to recommend it to all suffering with the disease. M. B. Warn, of Merchants' National Bank, Toledo, O.

VERDI, the composer, is wealthy and owns large tracts of land in Italy. A disastrous storm having injured the crops lately he ordered a reduction of the rent of all his tenants in the suffering region. Verdi has probably made more by his art than any musician of the century, and he is as liberal and open-handed as some of them who could be named—notably his own countryman, Paganini—were parsimonious and niggardly. The beautiful hospital at Villanova d'Arcla is a standing instance of his munificence. The entire cost of its construction was defrayed by the composer out of his own pocket.

General debility is a mighty poor sort of a general to be commanded by. Simply stated, general debility means feebleness, and is a common complaint among women, old and young. Among its causes are failure of the digestive functions to perform their office, slothfulness of the liver, abnormal condition of the kidneys, and other causes peculiar to females. There is but one remedy that will cure debilitated women from a burdensome existance—it is Mishler's Herb Bitters. Try it you pale, emaciated sufferer. Our letter files show it has rescued thousands.

Senator Sawyer, of Wisconsin, weighs just three hundred pounds with five silver dollars in his trousers pocket.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

The Babies in the Cradle.

Babies are very little things, yet they leave great gaps of loneliness behind them when they die. Mothers save your little ones by giving them Parker's Tonic when they show signs of being unwell. This famous remedy is so pleasant that any infant will take it, and it will soon quiet and remove their aches and pains.

Notice to Taxpayers.

The County Treasurer's office will be open each evening, commencing October 19, from 7 to 8 o'clock, until the first Monday in November, when the time expires for paying the second installment of taxes, and a penalty will added on all tax not paid by that time.

SKIN, SCALP, BLOOD

Cleansed, Purified and Beautified by the Cuticura Remedies.

Hundreds of letters in our possession, copies of which may be had by return mail, repeat this story: I have been a terrible sufferer for years from diseases of the skin and blood; have been obliged to shun public places by reason of my disfiguring humors; have had the best physicians; have spent hundreds of dollars, and got no relief until I used the Cuticura Remedies, which have cured me, and left my skin and blood as pure as a child's.

COVERED WITH SALT RHEUM.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and in fact died from it. I believe Cuticura would have saved her life. My arms, breast and head were covered for three years, which nothing relieved or cured until I used the Cuticura Resolvent, internally, and Cuticura and Cuticura Soap, externally.

Newark, O. J. W. ADAMS.

HEAD, FACE AND BODY RAW.

I commenced to use your Cuticura Remedies last July. My head and face and some parts of my body were almost raw. My head was covered with scabs and sores, and my suffering was fearful. I had tried everything I had heard of in the East and West. My case was considered a very bad one. I have now not a particle of Skin Humor about me, and my case is considered wonderful.

DECATUR, MICH. MRS. S. E. WHIPPLE.

ECZEMA FROM HEAD TO FEET.

Charles Eayre Hinkle, Jersey City Heights, N. J. writes: "My son, a lad of twelve years, was completely cured of a terrible case of Eczema by the CUTICURA REMEDIES. From the top of his head to the soles of his feet was one mass of scabs." Every other remedy and physicians had been tried in vain.

NOTHING LIKE CUTICURA.

The half has not been told as to the great curative powers of the cuticura remedies. I have paid hundreds of dollars for medicines to cure diseases of the blood and skin, and never found anything yet to equal the cuticura remedies. CHAS. A. WILLIAMS.

Councilman Mohr last night paid Mr. H. A Reid a nice compliment as chairman of the committee on street lights and said that Fort Wayne was better lighted than Cincinnati. Councilman Michael, who is a worker, tells us that the streets of Fort Wayne are in better shape than Cincinnati can boast of. Mr. Michael is preparing to introduce new features in this department.

Turner, while Horace Eddy, late with Mr. Turner, will become private secretary to M. W. Mansfield.

George W. Cobb, secretary of the Indianapolis Railroad Men's Christian association, is experiencing uphill work to keep the wheels in motion. It is reported that Purdue university will not lose President Smart even if he is made civil service commissioner; but that the board of trustees will make an arrangement with him by which he can hold both positions, and thus the university would not loose his valuable services. The prospect of the branch of the Grand Rapids and Indiana road from Carey to Manistee being built in the near future is very flattering. A company is now being organized among the officers of the Grand Rapids and Indiana, and as soon as it is completed, a proposition will be submitted to the executive committee of the latter road for them to float the bonds of the new enterprise by a traffic guaranty. The organization of the new company will probably be finished this week.

John Galehouse, a "foxy," slick looking young man, was arrested last night by Lieut. Wilkinson and Officer Fuchschuber on the strength of a telegram from Maples charging him with stealing a watch belonging to Louis Gerard from the home of Mrs. Pettijean, in Jefferson township. It is also said he stole $50 from the old lady, who is his grandmother. The watch is worth $50 and, if the charges stick, Galehouse will get an excursion. His trial has been postponed until Oct. 20 and he lies in jail in default of bail.

J. J. Duffy, of Memphis, chairman of the board of trustees of the Catholic Knights of America, now in session at Indianapolis, says that the reports show a marked degree of activity in the order. Its progress has been phenomenal. "In spite of the fact," said Mr. Duffy, "that a former treasurer ran off with $20,000, a secretary with $5,000, and another secretary with a large amount, the organization is now in a flourishing condition. These defalcations seemed only to advertise us and prosperity has followed us in all our undertakings."

The Lester and Williams party present "A Parlor Match," at the Temple opera house to-night and should be greeted by an immense house. The play is one of Chas. H. Hoyt's clever concoctions and serves to introduce the funniest comedy specialties ever seen. The leading roles of the *Original Innocent Kidd*, *I McCorker*, and *Old Hoss*, around whom all the incidents center, are assumed in an unapproachable manner by Miss Jennie Yeamens, Mr. C. M. Lester and Mr. E. L. Williams. People who have seen a "Bunch of Keys" and "Rag Baby" by the same author will not absent themselves to-night.

A BOLD JOB.

Mose Jacobson is Stabbed for Rescuing Col. F. F. Boltz's Horse from a Thief.

Mose Jacobson, the jockey, who attends Col. F. F. Boltz's trotting horses, had a narrow escape last night. About 10:30 he heard a noise at the stable and proceeding there discovered the alley door open. He stepped to the head of Mr. Boltz's roadster "George B." and was struck on the head by a man concealed in the stall. Jacobson grappled with the fellow, who pulled a knife and slashed him across the stomach. The blade cut his coat and breeches, slightly scarring the flesh. This was as close a call as he desired and he permitted the intruder to escape. Going through the door he recognized him as a fellow who formerly worked for A. C. Perrin and whom it is believed figured in a number of horse thefts heretofore, although the crime could not be fastened upon him. Colonel Boltz's horse is one of the best in Indiana and would have been a valuable catch. Mose Jacobson tells this story straight, shows evidence of his narrow escape and Sheriff Nelson is looking into the matter. Colonel Boltz lives at No. 250 West Jefferson and out there a thief could hope to escape detection.

McCULLOCH'S PARK.

The Old Broadway Cemetery to be Given the City by the Ex-Secretary of the Treasury.

Councilman Herman Michael yesterday received a letter from Hon. Hugh McCulloch, ex-secretary of the treasury, saying that he had authorized his son to deed the old Broadway cemetery to the city of Fort Wayne for public park purposes, providing the city would remove the remaining dead from it, enclose it appropriately and style it "McCulloch's Park. The property lies on the east side of Broadway, just south of the Pittsburg road. It is a pretty piece of ground, embracing some seven acres. Trees and shrubbery abound on the landand it is already nicely shaded. This will be a convenient spot for pedestrians and can be beautified beyond description. The gift is a handsome one and tends more and more to endear the honored ex-secretary of the treasury to his old friends and fellow citizens. It would not be just to close this item without sharing the honor of this great improvement with Councilman Michael, through whom the object was communicated to Mr. McCulloch. Mr. Michael will not be forgotten in this respect and, THE SENTINEL hopes Hon. Hugh McCulloch's magnanimity may be instrumental in prompting others to go and do likewise.

A PALATIAL PLACE.

Harry Hammill to Open His New House of Call Amid Regal Splendor, Saturday Night.

Some weeks ago Mr. Harry Hammill leased the pleasant store room, No. 60, in the MacDougal block, and since then a force of skilled workmen have been decorating and beautifying the place. Mr Hammill has arranged to open his house of call Saturday night next and will do it in a splendid way. A band of music will announce the event from the balcony of the building and inside he will show his friends something elegant and entirely new in the way of fixtures. The furniture will be of embossed Persian ash, with a floor to match, while the walls will be landscapes in themselves. It will be palatial in all its appointments and certainly Mr. Hammill will see that other features are in keeping with it. He will spread a toothsome lunch and invites his friends and the public generally to give him a call. Mr. Hammill endeavors to make his house popular, clean and inviting, and being clever to a fault himself it is safe to predict that he will succeed. Don't forget the opening Saturday night and its accompaniments and speak to your friends about it.

A Prophet is Scoffed At.

Thomas Fitzgerald, a wild-eyed fellow, blew into the city yesterday and harangued a crowd at the corner of Main and Calhoun streets last evening. He predicts the world will be destroyed in 1900, and grew boisterous when some one laughed at him. Lieut. Frank Wilkinson locked him up and he ordered the immediate destruction of the cooler, but it would not go up in vapor. He protested against his arrest at police court, and related how God let his wrath fall on Ohio officers who stayed his mission. He exhibited a document signed by St. Michael, in his familiar hand, authorizing him to announce the end of the world in 1900. This revelation stood out in bold relief to the depressing news from Ohio, and Marshal Meyer was asked to "ship" the prophet from the city, lest he fastens his eternal grip on us. Fitzgerald scatters the news barefooted.

The best attainable talent of our city is to be secured for the first and third entertainment, and Mr. Kestor is well known as a most entertaining speaker.

How Informers are Treated.

By Telegraph to THE SENTINEL.

GAINESVILLE, Ga., Oct. 13.—Great excitement exists in Franklin county owing to the bitter warfare between illicit distillers and those suspected of being spies. In several cases which have lately been reported to the revenue officers, important information has been furnished by law abiding citizens who desire to aid in breaking up the practice illicit distilling. This brought down upon them the vengeance of the distillers who have served notice upon them to leave the country or take the consequences. A young man named Dickey, who had testified against several persons, was going home in a wagon and when driving through the thick copse was shot. The second man attacked was a farmer named Garbreath. He was sitting before his fire place in his own house, when a double barreled shotgun was placed through a hole in the wall and fired by an unknown person. The clothing was torn completely from his chest but he was unhurt.

The Republicans Make a Pretty Clean Sweep.

Capturing the State Offices and U. S. Senator.

The Democratic Chicken Temporarily Hedged With a Few Local Crumbs of Comfort.

The Indianapolis Republicans Elect Their Whole Ticket, Except Clerk and Council.

THE TALE TO-DAY.

The State Gone Glimmering, but the Legislature is Close.

By Telegraph to THE SENTINEL.

CINCINNATI, Ohio, Oct. 14.—At 10 this morning returns from Hamilton county, and even from Cincinnati, are not all in. This fact is cited by both parties as evidence of fraud, and both the *Commercial-Gazette* and the *Enquirer* openly charge the opposite party with fraudulent practices.

The *Enquirer* claims that the democrats have carried Hamilton county by over 1,000 majority, electing all the candidates for the legislature and county offices. It claims the legislature will be democratic in both branches by a majority large enough to remove all danger and dispute. Unofficial footings from 175 of the 208 precincts in Hamilton county give Foraker 31,006; Hoadly, 28,976; Leonard, 861.

CINCINNATI, Oct. 14.—The *Times-Star* has returns from all the city precincts except four, which put a different phase upon Hamilton county. The totals are: Foraker, 32,487; Hoadley, 30,584; Leonard, 886. If this is accurate and it has confirmation from at least one other source, it would show that the republicans have carried their entire legislative ticket with a possible exception of Robert Harlan who runs behind.

The estimates made here on the legislature, excluding Hamilton county, give the republicans 17 senators and 60 representatives. The legislature is composed of 37 senators and 110 representatives, of which 94 would be a majority on joint ballot. This would make the legislature republican without Hamilton county. Chairman Bushnell, of the republican state committee, estimates that the senate will have 17 republicans, with four close districts to hear from, and the house will have 58 republicans, with six close counties to be heard from. This excludes Hamilton county.

AT TOLEDO.

TOLEDO, O., Oct. 14.—According to the returns of the thirty-seven of the forty-three precincts in Lucas county including Toledo entire, and the remaining six, estimated at the rate two years ago, republicans elect one representative and democrats the other. The senatorial ticket has about the same majority. The republicans will probably elect the county officers, except sheriff and commissioner, which the democrats carry by about 200.

FURTHER FIGURES.

CINCINNATI, Oct. 14.—The democratic state committee claims the election of 51 members of the house of representatives certain, 12 doubtful and 21 sure in the senate. The figures given for Hamilton county in a previous dispatch have been further verified and it is confidently claimed now by the republicans that they have elected the entire legislative ticket in Hamilton county, except possibly, Robert Harlan for representative, and the democrats have elected Clark prosecuting attorney and a member of the board of control. Complete returns for the county have not yet been made. It is charged that in one precinct there were 200 more votes than the registered voters.

NEARLY FINAL.

CINCINNATI, Oct. 14. - In the following named counties, according to the returns now arrived, the republicans have elected representatives: Adams, Ashtabula, Athens, Carroll, Champaign, Clark, Clinton, Columbia (2), Cuyahoga (6), Delaware, Fayette, Franklin (2), Fulton, Gallia, Geauga, Lake (1), Greene, Guernsey, Hancock, Hardin, Harison, Highland, Huron, Jackson, Jefferson, Knox, Lawrence, Logan, Lorain, Lucas, Madison, Mahoning, Medina, Meigs, Miami, Morgan, Muskingum (1) Noble, Portage, Ross, Scioto, Stark, Summit, Trumbull (2) Union, Van Wert, Warren, Washington and Wood—Total, 58.

The democrats elect representatives in the following counties: Allen, Ashland, Auglaize, Brown, Butler, Clermont, Coshocton, Crawford, Darke, Defiance, Paulding, Erie, Fairfield, Franklin, Henry, Hocking, Holmes, Licking, Lucas, Marion, Mercer, Monroe, Montgomery (3), Ottawa, Perry, Pickaway, Pike, Putnam, Sandusky, Seneca, Shelby, Stark, Tuscarawas, Williams, Wyandotte.—Total, 36.

The doubtful or not heard from: Belmont two, Hamilton ten, Morrow, Richland, Vinton, Wayne.—Total sixteen.

The following senatorial districts have been carried by the democrats: Second, fourth, eighth, tenth, twelfth, fifteenth, sixteenth (2), seventeenth, twenty-eighth (1), eighteenth, nineteenth, twenty-first, thirtieth, thirty-first, thirty-second (2), thirty-third (2). Total 16. The republicans have carried the third, fifth, sixth, seventh, eighth, eleventh, thirteenth, fourteenth, twentieth, twenty-first, twenty-second, twenty-third, twenty-fourth (2), twenty-fifth (2) twenty-seventh and twenty-ninth.—Total 17.

Doubtful—Hamilton county with four votes.

CONFLICTING CLAIMS.

COLUMBUS, Ohio, Oct. 24.—The democratic state executive committee claims the legislature on joint ballot by a majority of three. They say they have positive information of the election of fifty-six members of the house and twenty-one in the senate, with six doubtful. The republican committee claims fifty-nine members of the house and seventeen members of the senate, outside of Hamilton county, with five close counties and four close districts to hear from.

STILL THEY COME.

CINCINNATI, Oct. 14.—News from Belmont county, which was in doubt, says that both republican representatives are elected. This makes the republican total in the house sixty-one.

Last Night's Report.

COLUMBUS, Oct. 14, 1:40 a. m.—The the Republicans are jubilant with bands and bonfires to-night over the election news. The Democrats are correspondingly quiet and are receiving the result with good grace. Chairman Powell, of the Democratic committee, concedes the election of the Republican state ticket by from 15,000 to 20,000, and thinks they have carried both branches of the legislature. Governor Hoadly thinks the Democrats may have saved the senate. The Republican executive committee claim the election of Foraker by from 15,000 to 18,000 plurality, though the complete returns may make it more. They have information from all the doubtful counties and have elected their representatives. They claim a majority on joint ballot outside of Hamilton county, Allen O. Meyers is thought to be defeated for the legislature in Franklin county by a small margin.

CINCINNATI, O., Oct. 13.—The election to-day was for state and county officers, for thirty-seven senators and one hundred and ten representatives of the general assembly, and upon four amendments to the constitution of the state, three of which relate to changing the state elections from October to November and one to changing the term of office for township trustees. Governor Hoadly is the democratic candidate for re-election, J. B. Foraker the republican candidate and Rev. A. B. Leonard the prohibition candidate for governor. There are 2,017 voting precincts in the state. Comparison will be made with the vote for governor in 1883, when Governor Hoadly was elected by a plurality of 12,529 over J. B. Foraker.

The afternoon in Cincinnati was free from rain. So far as can be told the full registered vote was polled. There were some arrests for fraudulent attempts to vote and some for minor disorderly conduct, but in general all was peaceable. First returns received by associated press indicated gains for Foraker. When twenty precincts had been heard from he had a net gain of 359. The prohibition vote gives indications of considerable gains.

CINCINNATI, 8:50 p. m.—Returns from sixty ward- and precincts show Foraker 8,681, Hoadley, 7,029, Leonard, 677; net Republican gain 918. The vote for Leonard is irregular; large gains in some precincts, with no vote at all in others and a few losses.

9:30 p. m.—seventy-eight wards and precincts give Foraker a total vote of 10,804, Hoadly 7,923, Leonard 856; a net Republican gain of 919.

Ninety-six wards and precints give Foraker 14,072; Hoadly 10,855; Leonard 1,151; net Republican gain of 1,114. Full returns from one ward in Cincinnati, the ninth, show exactly the same majority as was given in 1883.

One hundred and fourteen wards and precincts gave Foraker 17,627 votes; Hoadley, 13,778; Leonard, 1,291; net Republican gain, 1,671.

It is impossible yet to compare the sources of the gain of the Prohibition candidate but a cursory examination of the returns so far received, indicate Democratic losses where there are Prohibition gains. In other wards, so far as can be now seen, the Prohibition vote is drawn from both parties.

One hundred and thirty-one precincts give Foraker 20,375; Hoadley, 15,979; Leonard, 2,131; a net Republican gain of 2,131.

Returns from 165 precincts give Foraker, 25,093; Hoadley 21,405; Leonard 1,877; net Republican gain, 2,499.

Up to this time but little has been heard from the legislature. A Republican senator has been elected in the Twenty-second district; two Republican representatives in Columbus county and one in Meigs county. One Democratic representative in Tuscarawas county and one in Coshocton county.

TOLEDO, Oct. 13.—The vote to-day averages 10 to 13 per cent. less than that of last year. The Prohibition vote was small in the city and showed scarcely any increase. Returns are coming in very slowly on account of the large number of scratched tickets, but the indications are that the Republicans have elected most of their county ticket by somewhat decreased pluralities from last year. The exceptions are Wade and Puck, the former for sheriff and the latter for representative. Baumbach, Republican for representative, is believed to be elected by a small plurality.

CINCINNATI, October 13.—One hundred and eighty-one wards and precincts give Foraker, 27,483; Hoadly, 24,006; Leonard, 2,227. Net Republican gain, 2,731.

Two hundred and forty-three wards and precincts give Foraker, 36,803; Hoadly, 33,243; Leonard, 2,714. Net Republican gain 3,806.

Two hundred and eighty-six wards and precincts give Foraker, 43,456; Hoadly, 39,127; Leonard, 3,147. Net Republican gain, 4,418.

Reports from 330 precincts in the state show net Republican gain of 4,826.

Eighty-five precincts from Hamilton county show a Republican majority of 1,658. Republican gain in Erie county, three fourths of which has been heard from, is 600. In Champaign county, one half heard from, the Republican gain is 125. In Auglaize county, eight precincts, Republican gain of 300. Clark county, seven precincts, Republican gain of 240, two precincts of Lucas county show a Republican gain of 289.

CLEVELAND, October, 13.—The indications are that Foraker has carried Cleveland and Cuyahoga county, by about 2,000 and that the republican county ticket is elected by a safe majority. In all of the western reserve substantial Republican gains are shown, and in only one town (Oberlin) has the prohibition vote caused a Republican loss. The full vote was polled here, the election being without incident.

The Leader of this morning will say: "The whole Republican ticket is elected by from 15,000 to 18,000 plurality. The legislature will be Republican on joint ballot with a good working majority in both houses. The vote is heavy and the Republicans on the Western Reserve came out in full force, everyone feeling it to be a duty to do all in his power to bring the country back to Republican rule. This result will secure the election of a Republican United States senator and the early enactment of a law regulating the liquor traffic. Another very probable result of the election will be the elimination of the third party (Prohibition) from Ohio politics."

CLEVELAND, October 13. Major W. W. Armstrong of the Plaindealer (Dem.) said: "I think the Republicans have from 15,000 to 20,000 plurality. The legislature is in doubt with the chances favoring Republican majority on joint ballot."

Five hundred and forty wards and precincts in the state, give a net Republican gain of 7,777. If the same ratio obtains in the remaing precincts, Foraker's majority will be about 18,000. Private dispatches from Columbus say secretary Bushnell, of the Republican committee makes this estimate and that the Democratic committee concedes Hoadly's defeat.

The Republicans elect two senators in the Cuyahoga district and two representatives in Franklin county, one in Union and one in Hardin counties. The Democrats elect one in Franklin county. Returns from 751 voting precincts in the state, give Foraker, 145,727 Hoadly, 128,655; Leonard, 5,611; net Republican gain, 12,652. This includes more than one third of the state. A private dispatch from Lucas county says the legislature there is in doubt, with the chances favoring the Republicans. An analysis of the vote shows that the prohibition candidate has gained Democrat votes.

CINCINNATI, October 14. The weather last night and during the early hours this morning, was anything but an incentive to enthusiasm. The air was damp and chilly, and a cold rain fell all day. After midnight when the election of Foraker was made certain there was some cheering in squads, but no concerted demonstration occurred.

CINCINNATI, Oct. 14. The saloon on Vine street did not close at midnight, under the law passed by last legislature, but were doing a big business with open doors.

Judge Foraker spent the night in an office near the telegraph building, where with a few friends he read the returns. He was gratified with the first indications, but was not quick to claim an advantage. When the news became conclusive he wore an expression of relief. He received many telegrams of congratulation, and after his net gain had reached a figure sufficient to overcome the majority against him, in 1883, he went to his home on Walnut Hills.

CINCINNATI, Oct. 13.—The Republicans claim to have elected representatives in the following additional counties: Delaware, Cuyahoga, Fulton, Greene (Rev. B. W. Arnet, colored) Lawrence, Morgan, Morrow and Vanwert. The following are reported in Cincinnati: Second ward three precincts Democratic gain 188; third ward one precinct, Republican gain 126; 6th ward, complete, Democratic gain of 575; 10th ward, 1 precinct, Republican gain of 54; 16th ward, 1 precinct, Democratic gain of 82; 17th ward, 1 precinct, Democratic gain of 1; 20th ward, 1 precinct, Republican gain of 18; 21st ward, 1 precinct, Republican gain of 36; 22d ward, 1 precinct, Democratic gain of 31; 23rd ward, 1 precinct, Democratic gain of 12.

Six hundred and forty-five precincts throughout the state give net Republican gain of 10,475.

Seven hundred and seven wards and precincts, Foraker, 132,341; Hoadly, 116,818; Leonard, 9,158; net Republican gain of 11,689.

CINCINNATI, October 13.—The Republican State Central Committee claims to have elected representatives in Madison, Adams, Delaware, Morrow, Morgan, Washington and Ross counties, and senators in the fourteenth, twenty-first, twenty-seventh and twenty-ninth districts.

LUCAS COUNTY.

TOLEDO, October 13.—Returns received up to midnight, embracing only about half the precints in Lucas county, show Republican gains in nearly all those heard from. Wade, Democrat, for sheriff, probably has a majority of 500. Representatives in doubt with chances favoring the Republican candidates. Remainder of Republican county ticket probably elected by small majorities. They claim the county for Foraker by 400.

DEFIANCE COUNTY.

Second ward—Defiance city—Hoadley 59, Foraker 46. First ward Defiance city—Hoadly 103, Foraker 102.

THE NEWS AT WASHINGTON.

Less interest is openly manifested in the result of the Ohio election, than has been the case in any event of like political importance within the memory of the present generation. Generally on such occasions there have been considerable crowds around the bulletin boards. To-night there are no crowds and, with one exception, no bulletin boards. Few people in the departments have manifested interest enough to ask for news during the day and it would be difficult to name a dozen federal officers from Ohio, who have gone home to vote.

INDIANAPOLIS.

A Close Call at the State Capital.

By Telegraph to THE SENTINEL.

INDIANAPOLIS, Oct. 14. The official figures of yesterday's election give for mayor, Denny, republican, 9,066; Cottrell, democrat, 9,023. For clerk, Brening, rep., received 9,089; Shields, dem., 9,202. The prohibition vote was 147 and the greenback vote 87. Republicans have one majority in the council and the board of aldermen is a tie.

CONSTANTINOPLE, Oct. 14.—Great activity prevails in military circles throughout Turkey. Troops are being hastily armed and equipped for immediate service. The sultan has determined to fight against a further dismemberment of Turkey and large bodies of troops are being rapidly concentrated on the frontier at strategetic points within easy striking distances of Bulgaria, Greece and Servia. Troops, horses and field guns are being dispatched to the front night and day. The Moslemes are enthusiastic and volunteering in large numbers. A conspiracy has been discovered at the palace which has led to the exile of Said Pacha, the ex-grand vizier.

NEW YORK, Oct. 14.—Mail advices from Panama say that Peru is still in a deplorable condition. Two messengers from General Caceres to friends in Tarma were captured by the government forces and most damaging letters discovered. Within a few hours the jails were crowded with friends of the mountain general and some of the most prominent merchants were banished. Canon Medina, one of the most distinguished prelates of the cathedral, was also ordered to leave the country. Jca has fallen into the hands Caceyesista. It is said that most horrible atrocities were committed by the rebel victors.

Father, Mother, and Three Sisters Dead.

Mr. David Claypool, formerly Sergeant-at-Arms of the New Jersey Senate, Justice of the Peace and Notary Public at Cedarville, Cumberland Co., N. J., makes the following startling statement: "My father, mother, and three sisters all died of consumption, and my lungs were so weak I raised blood. Nobody thought I could live. My work (shipbuilding) was very straining, even with my weak constitution, and I was rapidly going to the grave. While in this condition I commenced using Mishler's Herb Bitters, and it saved my life. Before it was so difficult to get it in this little place, and I had improved so much, I stopped taking it for a time, and the result is that I have commenced going rapidly down hill again. Somehow, Mishler's Herb Bitters gives appetite and strengthens and builds me up as nothing else does, and I must have a dozen bottles at once. For this communication no compliance, and if any one wants to be convinced of its truth, let him write me and I will make affidavit to it, for I owe my life to Mishler's Herb Bitters."

The secret of the almost invariable relief and cure of consumption, dysentery, diarrhea, dyspepsia, indigestion, kidney and liver complaints, when Mishler's Herb Bitters is used, is that it contains simple, harmless, and yet powerful ingredients, that act on the blood, kidneys, and liver, and through them strengthens and invigorates the whole system. Purely vegetable in its composition; prepared by a regular physician; a standard medicinal preparation; endorsed by physicians and druggists. These are four strong points in favor of Mishler's Herb Bitters. Mishler's Herb Bitters is sold by all druggists. Price $1.00 per large bottle. 6 bottles for $5.00.

Ask your druggist for MISHLER'S HERB BITTERS. If he does not keep it, do not take any other, but send a postal card to MISHLER HERB BITTERS CO., 320 Commerce Street, Philadelphia.

THE WEST PACIFIC ISLANDS.

Manners and Customs of a People Almost Unknown.

STONE MONEY.

The entire breadth of the Pacific Ocean is a hundred and fifty degrees of longitude; and two thirds of its space, to the south east of Asia and to the east of Australia, is dotted with hundreds of islands, of which there are more than seventy distinct groups. If the geographical region of islands be taken to

embrace the Malay Archipelago, beginning from the west at Sumatra, and ending at the Marquesas, or at Pitcairn Island, it embraces more than one third of the main circumference of the globe within the south tropical zone. Different portions of this vast region, in the Pacific, have received the geographical names of Micronesia, Melanesia, and Polynesia, while Australia, Papua or New Guinea, and the islands of New Zealand, are of too great size and importance to be confounded with the world of smaller islands. The Fiji Islands, situated directly north of New Zealand, just within the 180th degree of latitude, mark the dividing line between the western and eastern series of archipelagos; the former being those of Melanesia and Micronesia, including the Pellew Islands, the Caroline Islands, the Ladrone Islands, the Marshall and Gilbert Islands north of the Equator, and south of the Equator, New Britain and New Ireland, the Admiralty Islands, the Solomon Islands, the Santa Cruz Banks, New Hebrides, and Loyalty Islands, with New Caledonia. The name

CHIEFS OF WEST CAROLINE ISLANDS WITH ELABORATELY STOOLS FOR MONEY.

Melanesia has been given to the southeastern island groups, on account of the black color of the native people, who are also woolly haired, and belong to an entirely different race from the Polynesians of the Samoan and Tonga Islands, and all those farther to the east, and from the Maories of New Zealand. But this remark does not apply to all the islanders of Micronesia, south of the Equator, where the inhabitants of the Pellew, Caroline, Marshall and Gilbert Islands show a considerable admixture either of Malay, or of some race akin to the Moors, and to the Hawaiians of the Sandwich Islands, with a Mongol type of Malayan in the way. The same is observed on the western coast of New Guinea.

The Pellew group is the Palaos Islands, distant only six hundred miles from the Philippines. A century ago

the amiable disposition of the native race was much lauded in England as exemplified in the person of Prince Le Boo, son of King Abba Thulle, which that youth who died there, was himself by Captain Wilson, of the Antelope, who visited the Pellew Islands in 1783. One of our illustrations shows the front of a wooden house, with its decorative carvings, which are very elaborate like those of the Maori chiefs in New Zealand, consisting of beasts, birds, fishes and a great variety of reptiles and insects. These carvings are well executed and show a great degree of skill when the savage, uncultured character of the inhabitants is taken into consideration. The houses of the chiefs only are decorated in this manner. They are one story in height with thatched roofs and form very comfortable habitations. The common people live in bamboo houses or tents with thatched roofs and doorways extending from the ground to the peak. The houses are arranged in groups or villages and are fortified by placing the houses close together and by interlacing the native trees with bamboo sticks, thus preventing the enemy from gaining a ready access to their streets. The Pellew islanders have a strict and complicated social code, and a privileged aristocracy who must not be addressed in the language of the common people, but in a special language used at the Court. The Caroline Islands, which are scattered over a space of more than two thousand miles, are mostly formed by circular reefs of coral, surrounding lagoons, probably craters at the summit of submarine volcanoes, which are called "atolls;" but some of the islands, such as Yap, are large and rocky. They produce the bread-fruit tree, sweet potato, cocoa-nut, plantain, sugar-cane, and several other articles of food, besides the useful bamboo. The people, who are mostly of the brown Polynesian race, tattoo themselves, and wear ornaments of shell or flowers stuck in the holes they pierce in their noses and ears; they are much addicted to chewing betel. The chiefs of the West Caroline Islands are medium sized, well proportioned and fairly intelligent, but not in so advanced a state of civilization as the chiefs of the Pellew Islands. They live in villages somewhat similar to the Pellews and the constant forays between them and other

tribes make them wary and suspicious of strangers. One extraordinary thing among them is the use of large round slabs of stone, with a hole made in the centre, as a substitute for money; it is cumbrous currency, which is shown in two of our illustrations, might perhaps be travelled or rolled from buyer to seller, but could not be carried in the purse, and nobody would care to have his pocket picked by stealth. The aggregate population of the Caroline Islands does not exceed thirty thousand, and there are about ten thousand in the Marshall Islands, speaking a different language. Nearly all the inhabitants of the Solomon Islands smoke tobacco from common clay pipes obtained from Europeans, and when not smoking, the pipe is stuck in a thong bound around one arm near the shoulder. The Gilbert or Kingsmill Islands are much more thickly peopled, and rely on fishing mainly for their support. The most valuable article of vegetable food in use is the fruit of the pandang; there are no

native quadrupeds on these islands except the goats, pigs, dogs, and cats that have been introduced by European visitors. We present also a view of the coast of Blanche Bay, in the larger island of New Britain, which has with New Ireland, recently been annexed to the German Empire. These two islands, close to the northeastern shore of New Guinea, are of limestone rock formation, and almost mountainous, the hills rising to nearly 3000 feet. They are densely wooded, and the animals, birds and insects are similar to those of New Guinea. The people seem to be a mixture of Papuan and of the brown race from the islands of Polynesia; they have a great diversity of languages, and are divided into castes, which refuse to intermarry with each other. One singular custom they have is that of confining young girls of the higher class in a sort

AMUSEMENTS.

Thomas, the Great Leader, Coming Here.

On the 22d of this month Theodore Thomas' famous orchestra appears at the Princess. A powerful factor in the exercises of Mr. Thomas is the essential tyranny of his nature. He is a born autocrat. He brooks no interference with his plans, no opposition to his methods. He chooses his course, believes it is right and carries it through. He dominates, by intellectual and not brute force. But he is sarcastic to a degree, and frequently withers a member of his force by a stroke of his tongue, which is far more potent than would be the cut of his whip.

But it must be said that while Mr. Thomas is exacting to the point of harshness as respects the discipline of his men, he is as careful of their comfort as a mother is of her babes. No manager can secure his orchestra who does not provide for them at the first hotels. I recall a striking instance of his goodness toward his men. It was on the occasion of his detention in a snow-drift from 8 a. m. to 6 p. m. No provisions could be had to appease the hunger of the sixty musicians. It was then that Mr. Thomas came to the front. He and Manager Locke occupied the two state rooms of a Worcester excursion car, the larder of which contained four broiled chickens provided for Mr. Thomas himself, some some plain bread and plenty of coffee. One of the chickens had been appropriated before the detention had been anticipated. The other three Mr. Thomas manipulated with his hands, dividing them into sixty pieces, every man receiving his morsel, with coffee and a slice of bread to piece it out. The leader shared and fared like and like with his men. It is such constant providence as this, united with a thorough knowledge of and enthusiastic admiration for his remarkable talents that knits the men to their leader with hooks of steel, and causes them to serve him because they regard and esteem him as well as fear him.

My little girl was cured of rheumatism after having suffered about three months by the use of Athlophoros. I have faith in the remedy and am glad to recommend it to all suffering with the disease. M. B. Warn, of Merchants' National Bank, Toledo, O.

VERDI, the composer, is wealthy and owns large tracts of land in Italy. A disastrous storm having injured the crops lately he ordered a reduction of the rent of all his tenants in the suffering region. Verdi has probably made more by his art than any musician of the century, and he is as liberal and open-handed as some of them who could be named—notably his own countryman, Paganini—were parsimonious and niggardly. The beautiful hospital at Villanova d'Arcla is a standing instance of his munificence. The entire cost of its construction was defrayed by the composer out of his own pocket.

General debility is a mighty poor sort of a gene to be commanded by. Simply stated, general debility means feebleness, and is a common complaint among women, old and young. Among its causes are failure of the digestive functions to perform their office, slothfulness of the liver, abnormal condition of the kidneys, and other causes peculiar to females. There is but one remedy that will cure debilitated women from a burdensome existance it is Mishler's Herb Bitters. Try it you pale, emaciated sufferer. Our letter files show it has restored thousands.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. SKIN, SCALP, BLOOD

Cleansed, Purified and Beautified by the Cuticura Remedies.

Hundreds of letters in our possession, many of which may be had by return mail, repeat this story: I have been afflicted with [illegible] disease of the skin and scalp for years. I have tried the best physicians, have spent hundreds of dollars, and got no relief. I was induced to try the Cuticura Remedies, which have cured me, and to my skin and blood is pure as crystal.

COVERED WITH SALT RHEUM.

Cuticura Remedies are the greatest medicines on earth. Had the worst case of Salt Rheum in this country. My mother had it twenty years, and it finally affected my eyes. I have used Cuticura until I have saved the sight of my eyes, which nothing in the world could have done. My arms, breast and head were covered for three years, which nothing could relieve or cure until I used the Cuticura Remedies internally, and Cuticura and Cuticura Soap externally.

No. 8 Sark, O. J. W. ADAMS.

HEAD, FACE AND BODY RAW.

I commenced to use your Cuticura Remedies last July. My head and face and a great part of my body were almost raw. My face was covered with scabs and sores, and my suffering was fearful. I had tried everything I had heard of in the East and West. My case was considered a very bad one. I have now used portions of two Cuticura, about [illegible] and my case is entirely well and cured. MRS. S. E. WHIPPLE.

Decatur, Ill.

FIFTEEN YEARS FROM HEAD TO FEET.

Charles Eaves Block, Jersey City Heights, N. J., writes: "My case is one of the worst kind, was completely covered from head to feet, and for fifteen years in the Cuticura Remedies. From the time I began using the Cuticura Remedies I began to improve, and now I am entirely well. The cure is complete and permanent. Have given the Cuticura Remedies to many friends, and they all speak highly of them."

NOTHING LIKE CUTICURA.

The half has not been told as to the great curative powers of the Cuticura remedies. I have paid hundreds of dollars for so-called remedies for diseases of the blood, skin and scalp, but never found anything like CUTICURA, the only one of the entire collection that did me any good. Cuticura has cured me entirely, and physicians had been tried in vain.

Miss Lee James, of Memphis, Tenn., is the guest of her friend Miss Louise Horton. Miss James was the belle of Petoskey last summer and is described as a charming person.

Normanda Murphy was yesterday divorced from Amos P. Murphy. Judge Heuch continued court until 10:30 last evening, thereby thoroughly disproving the rumor of his recent marriage.

The council will now see what power they have to drive peddlers from the city. Prominent business men ask that a license of $50 a day be imposed and Councilman Mohr has taken the matter up.

The telephone test cases came up at Indianapolis yesterday and testimony was received on both sides. A decision was expected to-day and then the matter goes to the supreme court by common consent.

Henry Friday, Edward Grimm, Jacob Kern and Wm. Miller were arraigned at police court this morning for a spree they indulged in last night. The young fellows were fined out of several saloons and finally fell into the hands of Officers Fuchshuber and Sheridan. The quartet marched to jail.

Councilman Mohr last night paid Mr. H. A. Reid a nice compliment as chairman of the committee on street lights and said that Fort Wayne was better lighted than Cincinnati. Councilman Michael, who is a worker, tells us that the streets of Fort Wayne are in better shape than Cincinnati can boast of. Mr. Michael is preparing to introduce new features in this department.

General Manager McCrea, of the west Pennsylvania lines, takes with him to Pittsburg only his stenographer and type writer, L. C. Scott. Albert Goldstein, Mr. McCrea's private secretary, remains in the same position with John C. Miller, general superintendent. J. H. Schwartz, Mr. Miller's private secretary, remains at such with L. J. Turner, while Horace Eddy, late with Mr. Turner, will become private secretary to M. W. Mansfield.

George W. Cobb, secretary of the Indianapolis Railroad Men's Christian association, is experiencing uphill work to keep the wheels in motion. Should nicer rooms for reading and holding services to be furnished, matters will move smoothly. Mr. Cobb's quarterly report shows that during the quarter he held at the rooms thirteen services, which were attended by 632 persons; he attended one funeral, visited eighty-three homes of railroad men who were sick, officers, etc., and also visited similar associations at Fort Wayne, Richmond and Union City and distributed 397 books, magazines, etc.

Joseph Cornielle was the recipient of a surprise party last night but he gave his friends a jolly time.

It is reported that Purdue university will not lose President Smart even if he is made civil service commissioner; but that the board of trustees will make an arrangement with him by which he can hold both positions, and thus the university would not loose his valuable services. Skating will then be continued for the balance of the evening.

The prospect of the branch of the Grand Rapids and Indiana road from Carey to Manistee being built in the near future is very flattering. A company is now being organized among the officers of the Grand Rapids and Indiana, and as soon as it is completed, a proposition will be submitted to the executive committee of the latter road for them to float the bonds of the new enterprise by a traffic guaranty. The organization of the new company will probably be finished this week.

John Gilchouse, a "foxy," slick looking young man, was arrested last night by Lieut. Wilkinson and Officer Fuchschuber on the strength of a telegram from Maples charging him with stealing a watch belonging to Louis Gerard from the home of Mrs. Pettijean, in Jefferson township. It is also said he stole $50 from the old lady, who is his grandmother. The watch is worth $50 and, if the charges stick, Gilchouse will get an excursion. His trial has been postponed until Oct. 20 and he lies in jail in default of bail.

J. J. Duffy, of Memphis, chairman of the board of trustees of the Catholic Knights of America, now in session at Indianapolis, says that the reports show a marked degree of activity in the order. Its progress has been phenomenal. "In spite of the fact," said Mr. Duffy, "that a former treasurer ran off with $20,000, a secretary with $5,000, and another secretary with a large amount, the organization is now in a flourishing condition. These defalcations seemed only to advertise us and prosperity has followed us in all our undertakings."

The Lester and Williams party present "A Parlor Match," at the Temple opera house to-night and should be greeted by an immense house. The play is one of Chas. H. Hoyt's clever concoctions and serves to introduce the funniest comedy specialties ever seen. The leading roles of the *Original Innocent Kidd, I McCorker*, and *Old Hoss*, around whom all the incidents center, are assumed in an unapproachable manner by Miss Jennie Yeamens, Mr. C. M. Lester and Mr. E. L. Williams. People who have seen a "Bunch of Keys" and "Rag Baby" by the same author will not absent themselves to-night.

A BOLD JOB.

Mose Jacobson is Stabbed for Rescuing Col. F. P. Boltz's Horse from a Thief.

Mose Jacobson, the jockey, who attends Col. F. P. Boltz's trotting horses, had a narrow escape last night. About 10:30 he heard a noise at the stable and proceeding there discovered the alley door open. He stepped to the head of Mr. Boltz's road-ster "George B." and was struck on the head by a man concealed in the stall. Jacobson grappled with the fellow, who pulled a knife and slashed him across the stomach. The blade cut his coat and breeches, slightly scarring the flesh. This was as close a call as he desired and he permitted the intruder to escape. Going through the door he recognized him as a fellow who formerly worked for A. C. Perrin and whom it is believed figured in a number of horse thefts heretofore, although the crime could not be fastened upon him. Colonel Boltz's horse is one of the best in Indiana and would have been a valuable catch. Mose Jacobson tells this story straight, shows evidence of his narrow escape and Sheriff Nelson is looking into the matter. Colonel Boltz lives at No. 250 West Jefferson and out there a thief could hope to escape detection.

McCULLOCH'S PARK.

The Old Broadway Cemetery to be Given the City by the Ex-Secretary of the Treasury.

Councilman Herman Michael yesterday received a letter from Hon. Hugh McCulloch, ex-secretary of the treasury, saying that he had authorized his son to deed the old Broadway cemetery to the city of Fort Wayne for public park purposes, providing the city would remove the remaining dead from it, enclose it appropriately and style it "McCulloch's Park. The property lies on the east side of Broadway, just south of the Pittsburg road. It is a pretty piece of ground, embracing some seven acres. Trees and shrubbery abound on the landand it is already nicely shaded. This will be a convenient spot for pedestrians and can be beautified beyond description. The gift is a handsome one and lends more and more to endear the honored ex-secretary of the treasury to his old friends and fellow citizens. It would not be just to close this item without sharing the honor of this great improvement with Councilman Michael, through whom the object was communicated to Mr. McCulloch. Mr. Michael will not be forgotten in this respect and, THE SENTINEL hopes Hon. Hugh McCulloch's magnanimity may be instrumental in prompting others to go and do likewise.

A PALATIAL PLACE.

Harry Hammill to Open His New House of Call Amid Regal Splendor, Saturday Night.

Some weeks ago Mr. Harry Hammill leased the pleasant store room, No. 60, in the MacDougal block, and since then a force of skilled workmen have been decorating and beautifying the place. Mr Hammill has arranged to open his house of call Saturday night next and will do it in a splendid way. A band of music will announce the event from the balcony of the building and inside he will show his friends something elegant and entirely new in the way of fixtures. The furniture will be of embossed Persian ash, with a floor to match, while fine walls will be landscapes in themselves. It will be palatial in all its appointments and certainly Mr. Hammill will see that other features are in keeping with it. He will spread a toothsome lunch and invites his friends and the public generally to give him a call. Mr. Hammill endeavors to make his house popular, clean and inviting, and being clever to a fault himself it is safe to predict that he will succeed. Don't forget the opening Saturday night and its accompaniments and speak to your friends about it.

A Prophet is Scoffed At.

Thomas Fitzgerald, a wild-eyed fellow, blew into the city yesterday and harangued a crowd at the corner of Main and Calhoun streets last evening. He predicts the world will be destroyed in 1900, and grew boisterous when some one laughed at him. Lieut. Frank Wilkinson locked him up and he ordered the immediate destruction of the cooler, but it would not go up in vapor. He protested against his arrest at police court, and related how God let his wrath fall on Ohio officers who stayed his mission. He exhibited a document signed by St. Michael, in his familiar hand, authorizing him to announce the end of the world in 1900. This revelation stood out in bold relief to the depressing news from Ohio, and Marshal Meyer was asked to "ship" the prophet from the city, lest he fastens his eternal grip on us. Fitzgerald scatters the news barefooted.

The Railroad Y. M. C. A., have need of more funds for current expenses of the year owing to a falling off of some of the railroad appropriations. They propose to secure this needed aid from the citizens and at the same time give them value secured for their money. They are arranging for a course of three entertainments at the Masonic Temple, the first to be a concert under the direction of the Haydn quartet, the second a lecture by T. P. Kestor and the third a parlor entertainment. One ticket at a moderate price will admit to all three. The best attainable talent of our city is to be secured for the first and third entertainment, and Mr. Kestor is well known as a most entertaining speaker.

W. O. Wheeler, in advance of Dan Sully's "Corner Grocery" company, booked his party for a performance at the Temple next Monday. They will play against Annie Lewis in a "Little Trump," at the Academy.

John Young was arrested for assaulting Wm. Bixler. Justice France punished Mr. Young.

How Informers are Treated.

By Telegraph to THE SENTINEL.

GAINESVILLE, Ga., Oct. 13.—Great excitement exists in Franklin county owing to the bitter warfare between illicit distillers and those suspected of being spies. In several cases which have lately been reported to the revenue officers, important information has been furnished by law abiding citizens who desire to aid in breaking up the practice illicit distilling. This brought down upon them the vengeance of the distillers who have served notice upon them to leave the country or take the consequences. A young man named Dickey, who had testified against several persons, was going home in a wagon and when driving through the thick copse was shot. The second man attacked was a farmer named Garbreath. He was sitting before his fire place in his own house, when a double barreled shotgun was placed through a hole in the wall and fired by an unknown person. The clothing was torn completely from his chest but he was unhurt.
